DETAILED ACTION

Allowable Subject Matter

1. Claims 1-29 and 31-35 are allowed.
2. The following is an examiner's statement of reasons for allowance: The prior art taken either singularly or in combination fails to anticipate or fairly suggest the limitations of the independent claim, in such a manner that a rejection under 35 U.S.C. 102 or 103 would be proper. The prior art fails to teach a combination of all the claimed features as presented in independent claims 1 and 33, with the allowable features being: said at least one transmission path guiding electromagnetic light through said shutter platform which is at least partly defined by means of a masking (claims 1 and 33). Therefore, claims 1-29 and 31-35 are allowed.
3. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
